

# Kevin Bravo

Senior Backend Engineer

0bravokevin@gmail.com | kevinbravo.com | github.com/0bkevin | linkedin.com/in/0bkevin | Remote

## Professional Summary

Backend-focused software engineer with 5 years of experience designing, shipping, and operating production systems. Built TypeScript and Node.js products as well as Python and Django REST APIs backed by PostgreSQL. Recent Free2Z work addressed failure cases in balance-changing and asynchronous workflows through atomic transactions, durable idempotency, Pub/Sub redelivery, webhook verification, and concurrency tests. Currently CTO at Proyecto Educa, responsible for architecture, delivery standards, and production support.

## Work Experience

### Proyecto Educa

#### Chief Technology Officer

Remote, Venezuela

Dec 2025 - Present

- **Own architecture and technical priorities** for education platforms, lead hands-on delivery, review system decisions, and remain accountable for release quality and production support.

### Free2Z

#### Principal Software Engineer

Remote, Venezuela

Apr 2025 - Apr 2026

#### Open-Source Contributor

Jul 2026

- **Led a live migration from React to SvelteKit** within a production GCP platform using Dockerized Django and SvelteKit services on GKE, Cloud SQL, GCS, Pub/Sub, Artifact Registry, Cloud Build, and Workload Identity.
- **Hardened a Pub/Sub consumer that changes user balances**, combining durable idempotency, atomic balance and audit effects, publish-after-commit logic, and explicit ACK/NACK behavior for duplicates and transient failures.
- **Made paid-meeting webhooks and recording ingestion idempotent** across Django, PostgreSQL, Pub/Sub, and GCS with verified signatures, durable business-event receipts, processing leases, and atomic ledger effects.
- **Strengthened production rollout and recovery** with a Cloud Build worker health gate and automatic rollback, a retry-safe concurrent PostgreSQL index migration, and real-database concurrency and failure-path tests.

### U.S. Department of State (via AVAA)

Remote, Venezuela

#### Product Engineer | Bilingua Talent

Nov 2024 - Aug 2025

- **Built and operated a multi-tenant B2B platform as the sole engineer**, owning requirements, PostgreSQL data architecture, role-based authorization, backend workflows, deployment, and every production release.
- **Piloted the system with 50 users and 5 companies**, then revised registration, service-management, data-quality, and reporting flows from operational feedback.

### Asociacion Venezolano Americana de Amistad (AVAA)

Caracas, Venezuela

#### Software Developer

Oct 2022 - Jul 2024

#### Software Developer Intern

Sep 2021 - Aug 2022

- **Designed, deployed, and maintained SEP**, a Next.js and PostgreSQL platform that replaced spreadsheet-based operations with a multi-tenant source of truth for about 300 scholars across 3 chapters.
- **Built SEA for EducationUSA**, modeling advisee histories, paid services, payment and receipt records, outreach, and reporting; began by writing Python ETL workflows to normalize historical data and improve data integrity.

## Volunteer Experience

### AVAA | Education Committee Member

Sep 2024 - Present

Serve as primary administrator of SEP, keeping attendance, volunteer-hour, and reporting workflows running for about 300 scholars across 3 chapters; advise on requirements, data quality, and technical feasibility.

### JA Venezuela Alumni | Vice President

Mar 2026 - Present

Set strategy with the board and lead internal operations, committee coordination, partnerships, and member onboarding for the national alumni network.

### Technovation Girls Venezuela | Code Mentor

Jan 2026 - Apr 2026

Mentored 4 students from research and product definition to a working mobile prototype, teaching debugging, scope control, and explainable technical decision-making.

### Dev3pack | Global Hackathon Hub Organizer

Apr 2026 - May 2026

Owned the Caracas hub's operations and mentored teams on product scope, technical decisions, final submissions, and pitches for a global Web3 and AI hackathon.

## Education and Languages

### Instituto de Estudios Superiores de Administracion (IESA)

Caracas, Venezuela

Master of Public Administration, in progress

2025 - 2027

**Languages:** Spanish (Native), English (C1 professional proficiency).
