

Kevin Bravo

Senior Frontend Engineer | React, Next.js and TypeScript

0bravokevin@gmail.com | kevinbravo.com | github.com/0bkevin | linkedin.com/in/0bkevin

Professional Summary

Senior frontend and full-stack engineer with 5 years of experience building, deploying, and maintaining production web applications. Strong hands-on background in React, Next.js, TypeScript, modern JavaScript (ES6+), responsive interfaces, frontend architecture, state management, server-side rendering, web performance, REST APIs, and Kubernetes/GKE. Led the migration of a live React product and built Next.js platforms, a custom CMS, publishing tools, search, and multilingual experiences. Familiar with headless CMS and GraphQL concepts, with automated integration and regression testing experience transferable to Contentful, Playwright, and Jest in a React 19 and Next.js 16 App Router environment. Comfortable creating applications from scratch and owning delivery from architecture and estimation through deployment and iteration.

Work Experience

Proyecto Educa

Chief Technology Officer

Remote

Dec 2025 - Present

- **Own architecture and technical delivery** for education platforms, translating stakeholder needs into frontend and backend plans, reviewing implementation decisions, and coordinating releases and production support.

Free2Z

Principal Software Engineer

Remote

Apr 2025 - Apr 2026

Open-Source Contributor

Jul 2026

- **Led the production migration of a customer-facing application from React to SvelteKit**, redesigning frontend architecture and improving SSR, state management, performance, maintainability, and delivery speed.
- **Built a custom CMS and content platform** with publishing workflows, a Markdown editor, blog engine, search, translations, live video, and user and administrator interfaces connected to Django REST APIs.
- **Improved production quality and delivery** through integration and regression tests, logging, health checks, deployment validation, rollback automation, Docker, Cloud Build, and Kubernetes workloads on GKE.

U.S. Department of State (via AVAA)

Product Engineer | Bilingua Talent

Remote

Nov 2024 - Aug 2025

- **Designed and built a responsive multi-tenant web product as the sole engineer**, owning interface architecture, reusable workflows, PostgreSQL modeling, role-based access, APIs, dashboards, deployment, and maintenance.
- **Validated the application with 50 users and 5 companies** and converted feedback into clearer onboarding, service-management flows, improved data quality, and more useful reporting.

Freelance

Software Engineer

Remote

Sep 2024 - Dec 2024

- **Delivered responsive web products and frontend projects** across multiple sectors, independently covering discovery, estimation, implementation, launch, iteration, and technical support.

Asociacion Venezolano Americana de Amistad (AVAA)

Junior Product Engineer

Remote

Oct 2022 - Jul 2024

Software Developer Intern

Sep 2021 - Aug 2022

- **Designed, deployed, and maintained SEP**, a responsive multi-tenant application built with Next.js, TypeScript, PostgreSQL, Prisma, Auth.js, and Azure for approximately 300 scholars across 3 chapters.
- **Built SEA for EducationUSA** with Next.js and API-connected workflows for student histories, services, payments, outreach, institutional relationships, and operational reporting.
- **Supported both applications in production**, resolving UI and data issues and improving workflows based on direct feedback from the teams using them.

Volunteer Experience

AVAA | Education Committee Member

Sep 2024 - Present

Administer SEP and improve workflows and reporting used by approximately 300 scholars and program staff.

JA Venezuela Alumni | Vice President

Mar 2026 - Present

Coordinate priorities, operations, partnerships, and projects for the national alumni network.

Education and Languages

Instituto de Estudios Superiores de Administracion (IESA)

Master of Public Administration, in progress

2025 - 2027

Languages: Spanish (Native), English (C1 - Professional Working Proficiency).
