

Kevin Bravo

Senior Software Engineer | Full Stack and Frontend

0bravokevin@gmail.com | kevinbravo.com | github.com/0bkevin | linkedin.com/in/0bkevin | Caracas, Venezuela

Professional Summary

Software engineer with 5 years of experience building and operating customer-facing web products, internal platforms, and backend systems. Strong production experience with React, Next.js, SvelteKit, TypeScript, modern JavaScript (ES6+), Python, Django, REST APIs, and PostgreSQL. Led a live frontend migration focused on server-side rendering, performance, state management, and maintainability, and shipped content, publishing, search, and multilingual workflows end to end. Backend experience is primarily in Node.js and Django, with transferable object-oriented and API foundations for Java and Spring Boot environments. Comfortable owning ambiguous work from estimation and design through implementation, deployment, measurement, and iteration, both independently and with product and operational stakeholders.
