

Kevin Bravo

Product Engineer | React, Next.js and TypeScript

0bravokevin@gmail.com | kevinbravo.com | github.com/0bkevin | linkedin.com/in/0bkevin

Professional Summary

Product engineer with 5 years of experience building and operating full-stack web products, internal platforms, and dashboards. Own work from relational data models and APIs through responsive UI, release, and production support. Led a live React-to-SvelteKit migration at Free2Z and built Next.js and PostgreSQL platforms for AVAA and a U.S. Department of State unit. Work closely with stakeholders to make product flows clear, fast, and useful in daily operations.

Technical Skills

Frontend and product: React, Next.js, TypeScript, JavaScript, SvelteKit, Tailwind CSS, server-side rendering, responsive UI, state management, frontend architecture, performance optimization, data visualization, product discovery, and customer feedback.

Backend and data: PostgreSQL, Prisma, SQL, Django, REST APIs, Node.js web tooling, relational data modeling, schema changes, migrations, authentication, role-based access, dashboards, and reporting systems.

Quality and delivery: Git, code reviews, technical decision records, manual QA, regression checks, feature verification, CI/CD, Docker, GCP, Azure, Cloudflare, production debugging, release ownership, and end-to-end feature delivery.

Work Experience

Proyecto Educa

Chief Technology Officer

Remote
Dec 2025 - Present

- Set product and technical direction for education platforms, taking stakeholder needs through architecture, implementation priorities, working releases, and production support.
- Review contributor work and technical decisions, define release standards, and unblock implementation across frontend, backend, and delivery concerns.

Free2Z

Principal Software Engineer

Remote
Apr 2025 - Jun 2026

- Led a live React-to-SvelteKit migration, improving frontend architecture, server-side rendering, state management, maintainability, and performance for a product with real users.
- Built backend-connected product features with Python and Django APIs, Dyte live video, Tailwind CSS, a Markdown editor, a custom CMS, publishing, search, and operational workflows.
- Integrated and shipped an AI writing assistant into the live blogging workflow, helping users draft posts and choose topics from high-interest activity on the platform.

U.S. Department of State (via AVAA)

Product Engineer | Bilingua Talent

Remote
Nov 2024 - Oct 2025

- Built Bilingua Talent as the sole engineer, owning the relational data model, PostgreSQL-backed workflows, role-based access, APIs, dashboards, reports, deployment, and maintenance.
- Ran product demos and a pilot with 50 users and 5 companies, then revised registration, service management, data validation, and reporting from user feedback.

Freelance

Software Engineer

Remote
Sep 2024 - Dec 2024

- Delivered client web products, frontend projects, automation scripts, and backend-connected workflows, owning discovery, implementation, deployment, iteration, and support.

Asociacion Venezolano Americana de Amistad (AVAA)

Software Developer

Remote
Sep 2022 - Jul 2024

Software Developer Intern

Sep 2021 - Aug 2022

- Built, deployed, and maintained SEP with Next.js, PostgreSQL, Prisma, Auth.js, and Azure, replacing spreadsheets with a multi-tenant source of truth for approximately 300 scholars across 3 chapters.
- Built SEA for EducationUSA, centralizing advisee histories, outreach, services, payments, receipts, institutional relationships, and reporting in a full-stack operations platform.

Selected Product and Developer Tooling Work

Zrode and Brio

Independent Projects

Build and use an agentic development environment and a mobile control plane for developer workflows, pairing, session control, relay routing, runtime logs, health checks, and operational visibility.

Open Source and Leadership: Contributed to the Zed code editor; Vice President of JA Venezuela Alumni; organized a global Web3 and AI hackathon hub; mentored students through product research and a working mobile prototype.

Education and Languages

Instituto de Estudios Superiores de Administracion (IESA)

2025 - 2027

Master of Public Administration, in progress. **Languages:** Spanish (Native), English (C1 professional proficiency).
